2024

March Calendar Changes - Please Make Notes

Monday, March 11, 2024 is a day without students that is not reflected on the calendar on the web site. Tri County was selected to host District Speech, so students will not have classes on the 11th. Staff will be reporting for professional development and activities and helping with the speech competition.

Wednesday, March 27, 2024 is NSCAS ACT Test Day for our juniors. There are strict timeline to administer this test which will require us to have a regular 8:00 am start time for the entire district. Please take note that there will be NO LATE START on the 27th.

Summer Projects

It's hard to believe that March has already arrived, but it has and is bringing spring and summer along with it. With that in mind, staff have started planning summer projects to prepare for the 2024-2025 school year.

A major project that will be taking place is Phase V of Tri County's HVAC project, being funded in part with the last of the ESSERS dollars granted to districts from COVID relief. Two rooftop units that sit atop classrooms in the high school wing of the building will be replaced with six smaller units similar to work that was previously completed on the elementary wing of the building. This is a significant project that will begin as soon as school dismisses in May and span most, if not all of the summer months. Our building and grounds team will provide support to partners from AES, Beatrice Mechanical, WeatherCraft Roofing and Chappell Roofing throughout the summer to ensure rooms are ready to be used by the time staff and students arrive in August.

FROM THE DESK OF DR. WELTE

MARCH

2024

There are also plans to spruce up the secondary gymnasium this summer. As a result of NSAA rule changes, TC will be acquiring shot clocks that will need to be installed. While we have the lifts in the gym, we will be cleaning rafters, doing some painting and installing new, easier to operate lifts on hoops. There will also be some work done to the bleachers on the north side of the gym to reduce the safety risk of having the scorer's table sitting atop the first row of bleachers. Along with the gym, the boys locker room will get a few polishing touches with more extensive improvements pending the outcome of the ongoing facility study.

Last, but certainly not least, our media center is making plans for a bit of a facelift. This space sees heavy utilization from students, staff and the community, which has left the furniture well-worn. TC staff have partnered with the Nebraska company that helped us update the cafeteria to provide a proposed layout that will create flexible use spaces in the media center to support STEM maker space along with large and small group learning settings.

So along with routine summer school, athletic camps, and conditioning activities, TCPS will be a busy hub this summer to prepare for a new school year in August.

2024-2025 School Calendar

The Board approved the school calendar for the 2024-25 school year at their February meeting, so it has been posted to the school's website for everyone's convenience. Students will return for classes on Wednesday, August 14 following an Open House event on Tuesday, August 13.

Class Scheduling

2024

We are in the process of scheduling students for the 2024-2025 school year. Mrs. Wollenburg has been meeting with classes and talking with students about the importance of taking classes that will be beneficial to their academic path.

Being thoughtful when building a schedule is an important process for students. It can have a positive effect on the career path they choose. By carefully selecting courses that fall into their future plans, students can set themselves up for an easy transition beyond high school.

Students also have many opportunities to gain college credit while at TC. Juniors and seniors are eligible to take SENCAP (Southeast Nebraska Career Academy Partnership) courses through Southeast Community College. SENCAP courses are a great way for students to gain college credit, while getting the experience in the potential career field of their choice. Students in grades 9 and 10 can set themselves up for the opportunity to be eligible to take SENCAP courses by excelling in the classroom in their core classes and electives in the years leading up to their 11th and 12th grade years.

Please have conversations with your student about the classes they have chosen for the 24-25 school year. You can access their preferred course choices via powerschool. Also, Please check out our course catalog under the Jr/Sr High School tab on the Tri County web page. The course catalog is full of useful information pertaining to the right courses to take for each student's specific plans after high school.

7/9 Orientation Night

On Monday March 25th, parents of students in grade 6 (class of 2030) and grade 8 (class of 2028) are invited to Tri County for parent information night. We will discuss many things having to do with the transition to junior high or high school. Topics of discussion will include: courses available to students, exploratory/elective classes, extracurricular activities and a question and answer session. The session for future JH students starts at 6:30 in the auditorium and the session for future HS students will start at 7:15 in the cafeteria.

ACT Prep

Teachers and 11th grade students have been busy preparing for the NSCAS ACT on March 27th. We are excited to be hosting On to College on March 25th for an "ACT Prep Rally". Be sure to check social media for a summary of the day!

March 27th

On March 27th, students will be busy with assessments, college visits, and field trips aimed at giving students the opportunity to experience various career fields and colleges in the area.

All Juniors will be taking the ACT online at Tri County. The test will start promptly at 8:00 am. It is extremely important that all students be in attendance that day. Sophomores will be taking the PreACT at Tri County starting at 8:30 am and will get an opportunity to take a college visit in the afternoon. Information regarding the specific destination will be sent home via email during the second week of March.

Student Fees

At parent teacher conferences, parents were given information about fees currently owed. Please submit payment for student fees your student may owe. If you have misplaced the information, a detailed list of any fees can be viewed on the parent side of Powerschool. It is important to pay student fees as soon as possible. Thank You!

MARCH

2024

As we turn the page on February and eagerly welcome March, let's cross our fingers for the last of the winter snow to make way for the vibrant signs of spring. The anticipation of warmer days and blooming landscapes fills me with excitement, especially as we approach the final stretch of the academic year. I am truly excited about all the possibilities that lie ahead as we finish out the school year together, embracing the changes and challenges together. See below for some events that have recently passed and those coming up in the near future.

- Parent teachers conferences were a HUGE success. Thank you teachers and parents for devoting your time to discuss our student's education. Parent/teacher communication is a MUST in a child's academic journey. Thank you all for attending! If you have any questions beyond your child's conference, never hesitate to contact the school.
- On February 27th, Suzanne Pillen (Governor Jim Pillen's wife) visited Tri County and read a book to the 1st and 2nd graders. The students had a great time and learned a lot! Thank you Suzanne for taking time to visit Tri County!
- On March 15th, magician David Casas will be at Tri County. David is a well known magician with his work based out of Las Vegas. The entire school is going to witness his mind boggling magic show at Tri County!!! If any parents would like to attend, please contact Mr. Gronemeyer.....the more the merrier! The show will begin at 9 AM and conclude around 10 AM. Thank you to the Tri County Parent Teacher Organization for making this possible!
- Remember, KDG roundup is fast approaching. The parent meeting will be the evening of March 25th at 5:30 PM. The students will then attend KDG roundup on March 28th from 8:00 AM - 11:15 AM. If you have not signed up your child, please call the front elementary office.
- Make sure to get your preschool applications turned in to the front elementary office for the 24-25 school year. If you have not received your application, please notify the school.
- Important upcoming dates:
 - NO SCHOOL - Friday, March 8th
 - NO SCHOOL - Friday, March 29th
 - NO SCHOOL - Monday, April 1st

BRING ON SPRING AND THE
WARMER WEATHER. LET ME KNOW

MARCH

2024

As March begins, our focus shifts to track and field, district and state competitions, as well as numerous conventions and banquets that our students will participate in during the coming months. Following the achievements of our athletics and activities during the fall and winter seasons, I am anticipating a strong finish to close out the school year! Thank You all for the support you've given our students up to this point. Our community support is an important part of the opportunities our kids have and the successes they are able to experience!

Caleb Armstrong
Activities Director
caleb.armstrong@tricountyschools.org

Notes & Reminders:

- rSchool continues to be our primary calendar for activities and athletics. This can be found on the Tri County website ("Activities Calendar"). With the abundance of events in the spring, I encourage you to frequently check this calendar for updates and/or sign up for notifications specific to your child's activities.
- Thanks to all of our winter sport athletes and coaches. You represented Tri County well on and off the court and mat. Congratulations on your seasons and the numerous accomplishments!
- Congratulations to the four state wrestling qualifiers: Cole Spahr, Cooper Stokebrand, Cael Washburn, and Henry Holtmeier. You competed well and made us all very proud!

MARCH

2024

- Congratulations to the Boys Basketball Team on a great season and Runner Up finish in the District C2-4 Final.
- With spring practices starting, please make sure the necessary paperwork is turned in to the office, especially if they did not participate in a fall or winter sport/activity.
- District speech will be held at Tri County High School on Monday, March 11th. State speech will be on Thursday, March 21st at Kearney High School.
- Our music department has been busy time of year with the various honor choirs, competitions, and concerts. The spring concert for grades 7-12 is Tuesday March 12th and district music and the POPS concert are in the months ahead as well. Thanks to the students and Mr. Morrissey for all your hard work.
- The first high school track meet is scheduled for Friday, March 15th at the Doane University Indoor Track & Field facility. The first junior high track meet is scheduled for Thursday, March 28th at Friend. Practice and competition schedules can be found using the activities calendar mentioned above.
- Tri County will host three track meets this year. If you are interested in volunteering your time to help with any of these meets, please contact Caleb Armstrong. Thanks in advance for your help!
- Tri County FFA, FBLA, and Student Council will be coming around local communities to collect canned foods Tuesday, March 5th to donate to local food pantries. Food can be left on front porches.
- Prom will be held on Saturday, March 23rd at Vintage Venue. Post Prom will be held at the DeWitt Community Center. Thank you to Mrs. Sand & Ms. Reuland for all of your hard work and preparation!

Lunch & Learn - Career Exploration

We are thrilled to announce an exciting event that will bring together high school students and local professionals! Students will have the chance to engage with professionals from various fields during a casual lunch setting. This is a chance for students to explore different career paths, learn about the real-world applications of their studies, and connect with local experts who are eager to share their experiences with them. If you are a local professional and would like to share your experiences with our students please contact Mrs. Wollenburg.

Seniors

The Tri County Educational Foundation local scholarship application will be an assignment for all Seniors in their Personal Finance class towards the end of the month. If Seniors and their parents have not completed the FAFSA, they should do so ASAP.

Peru Dual Credit

Junior and Senior parents should have been receiving emails from me about filling out the Parent Authorization form for their student to be enrolled in Peru State College Dual Credit Courses. The student is not fully enrolled until the parent has filled out that form. Second semester Junior English is the first opportunity for our students to receive college credit from Peru State College. If you have any questions please contact me. These classes need to be paid for by April 1st. Students enrolled in these courses should have received an email from Peru with instructions on how to log into their myPSC account to make a payment.

Eighth Grade Students

I will be meeting with the eighth grade class to discuss planning for the future. This includes talking about high school courses, learning about colleges, taking career interest inventories, and talking about how to pay for college etc.

Sophomore Job Shadow Unit

This month I will start working with Sophomores on Career Exploration/Job Shadow unit in their English class with Mrs. Thimm. Activities will include taking career interest inventories, exploring potential careers, researching job shadowing opportunities, and setting up a job shadow experience. Students will have an excused absence to go on their job shadow. This unit will be a great opportunity for students to really start thinking about what kind of careers they would like to have in the future. On March 12th the Sophomores will be going to SCC for an event titled "Explore It Career Day". Students will break out into specific career clusters for that day to better assist with their interests, as well as have the opportunity to talk to the 40+ employers that will be there. Career Clusters for this event include 1.) Health Sciences 2.) Human Sciences and Education 3.) Business Marketing, and Management 4.) Agriculture, Food, and Natural Resources 5.) Communication and Information Systems 6.) Skilled and Technical Sciences

Driver's Education Through the Nebraska Safety Council of Lincoln

Good morning to everyone. My name is Michael Policky and I'm a retired Beatrice Middle School teacher. For years I spent my summers detasseling corn, but for six years I have been driving with young men and women teaching them the basic skills of safe and responsible driving for the Nebraska Safety Council of Lincoln. I work out of Beatrice and all driving is done in the Beatrice and Lincoln area. Would you please put the following message in your school newsletters for March, April, and May. Thank you in advance. Also, would you please run the following announcement in the daily bulletins at your school from February 26th through the 15th of March. Last of all, if it's possible to forward this email via your school's messaging system, it would be appreciated if you sent it to all parents of 8th-11th grade students. Thank you again in advance for all that you do to help me promote driver's education in our area of the state. Mike Policky

Bulletin Announcement:

Attention any students who have or will have a school, learner's, or provisional driver's permit: The Nebraska Safety Council of Lincoln is offering driver's education class this summer and would love to have you become a safer and more responsible driver on our roadways. The online class provided by Triple A will be taken before the driving portion of the class. This takes 30-35 hours to complete with tests and instruction and must be completed before you drive. You then do the driving portion during the summer beginning in late May. This includes five hours of behind the wheel experience, five hours of back seat observation, and a 45 minute driving test. Parents of 8th, 9th, 10th, and 11th graders have been sent an email with more detailed information. This will also be in school newsletters and I'm sending it to your school emails via your class. There are 60 summer spots open so don't wait to get registered. Registration opens March 1, 2024. If you have questions, please feel free to call Michael Policky at 402-228-4642 or email polickymike@gmail.com

Driver's Education Through the Nebraska Safety Council of Lincoln

Good morning to everyone. My name is Michael Policky and I'm a retired Beatrice Middle School teacher. For years I spent my summers detasseling corn, but for six years I have been driving with young men and women teaching them the basic skills of safe and responsible driving for the Nebraska Safety Council of Lincoln. I work out of Beatrice and all driving is done in the Beatrice and Lincoln area. Registration for the Beatrice class will be opened to parents and students on Friday, March 1st, 2024. You may check the website just in case Lincoln opened the window early. See below for directions on how to register for the class. You will register your child for the classwork through Triple AAA (American Automobile Association AAA). You will be sent a pass code from the Nebraska Safety Council of Lincoln in two to three business days and that will allow you to access the class. On average, last year, students took about 30-35 hours to complete the classwork and successfully pass the exams given throughout the course. You must complete the coursework before you drive this summer. You are given 60 days to complete the class which would be working 1/2 hour per day. Parents, please see to it that your child has completed their coursework before their drive time. If the coursework is not done you run the risk of a canceled drive time and a penalty payment for leaving that spot open in the summer. It is critical that all classwork is done before you drive. The program regulates how much time you can spend working on it per day before it shuts off and locks you out until the next day. Once you are registered and have been given your passcode, I will be given your information from the Nebraska Safety Council of Lincoln and I will call you to set up a drive time this summer. Those signed up first have the first choice of drive times for the summer. Driving will begin in late May and when I return home from my trip with 8th graders going to Washington D.C. and Gettysburg. The projected start date for driving is late May.

Newsletter Announcement:

Driver's Education Through the Nebraska Safety Council of Lincoln

The driving time options you will have to pick from are as follows. Option #1 is Monday, Tuesday, and Wednesday from 7:00 A.M- 11:00 A. M., Option #2 is Monday, Tuesday, and Wednesday from 11:30 A.M- 3:30 P. M., and Option #3 is Thursday and Friday from 7:00 A.M- 1:00 P. M. In July there may be some adjustment to driving due to the 4th of July holiday. You are not allowed to miss any driving time or to be late for any drive time. You have five hours of time behind the wheel, five hours of observation time from the back seat, and it all concludes with a driving test over familiar roadways that lasts approximately 35-50 minutes. I must let you know that drivers education is offered by other companies in this area, but I am reaching out as an educator who knows many of the students already and who cares about the safety of the people on our roadways and I invite all of you to please seriously consider making this investment for your child's education and safety on the roadways. The cost of the class this year is \$380.00. You could save money on your insurance premiums by having your child take the class and that in itself will pay for the class over time and more importantly it could save a life. If you have any questions, please feel free to email me back or to call me at my home phone which is 402-228-4642. I will also be sending this email to Lewiston, Wymore, Diller-Odell, and Tri-County. It will be limited to the first 60 students who sign up for the class so please do not put this off thinking you may be able to get it done later as I do not know the demand that there will be this year for driver's education. I am once again going to be able to drive about 60 students over the course of the summer and the past two summers have been filled to capacity for me. Once again, on behalf of the Nebraska Safety Council of Lincoln and myself, Michael Policky, I would like to welcome you and thank you for considering having your child take driver's education through us, The Nebraska Safety Council of Lincoln. Have a good day.
