

## Lunchtime Success

The Farm 2 Fork program at Tri County held their first event on February 10th. Members of the committee and patrons grilled four-hundred bacon burgers for the students' lunch that day. The grills were set up in the bus barn and the burgers were carried to the kitchen in roasters for serving. The lunch was a HUGE success according to the students who were surveyed during the lunch period. Thank you to Brian Zimmerman, Brian Brauer, Brandon Esau, Don Esua, Kyle Baade, and Kirk Holtmeier for grilling the burgers for the students. The F2F organization is planning on a second grilling date on March 10th and a patron lunch on April 7th. If you would like to donate an animal to the committee or make a financial donation to help pay for the processing, go to the Tri County Public Schools website and under the Community tab is a link to the Farm 2 Fork site. Thank you to Farm 2 Fork for supporting the students at Tri County Public Schools.
